

Site Management Safety Training Scheme (SMSTS) Refresher

Course Objectives:

This course aims to bring health and safety knowledge up to date, as well as giving a thorough overview of the legislative changes and their impact in the workplace. The course includes a wide range of topics, many building on the original five day course programme as well as introducing new subjects.

Who Should Attend?

Anyone who has previously attended and passed the five day SMSTS course and can provide proof of attendance.

Duration: 2 days

Course Content:

The aims of this course are to:

- Improve awareness of recent developments in construction, legislation and health, safety, welfare and environmental issues
- Identify measures that will assist the practical implementation of responsibilities established by new legislation and new working practices.

At the end of the course delegates will be:

- Aware of, and able to implement all updated health, safety, welfare and environmental legislation which affects them in their role as a manager
- Aware of and able to implement new guidance and industry best practice
- More aware of their duties and responsibilities with regards to health, safety, welfare and the environment.

Delegates will be required to complete a multiple-choice assessment. On passing the assessment, they will receive a Construction Skills Certificate that is valid for 5 years.
