

Environmental Awareness

Course Objectives:

This course is designed to give delegates an understanding of global and local environmental issues and how to deal with the impacts on their business.

Who Should Attend?

Anyone with a health and safety responsibility, including Managers and Directors.

Course Content:

At the end of the course delegates will have an understanding of the following:

- The pressures on our environment
- Natural resources
- The greenhouse effect, global warming and climate change
- The O-Zone hole
- Pollution – Air, water and land
- Economies
- The impacts on your business
- Carbon footprint awareness
- How to make a difference

At the end of the course delegates will receive a certificate of attendance.

Duration: 1 day
