working in partnership : achieving results

Health & Safety IOSH Leading Safely

Course overview:

C&C Training is the perfect partner to provide you with advice and support when it comes to Health and Safety training.

With experience of providing accredited programmes from NEBOSH, IOSH and Construction Skills, you have the most comprehensive and highly recognised training programmes at your disposal. These complement our own course range ensuring we are able to offer you as much choice as possible.

Sometimes your training requirements may be very specific and particular to your business. In these instances we will work with you to tailor the content to get the training exactly right.

“Please accept my thanks for the way you and your company have delivered the recent IOSH training for our directors and senior personnel. From the moment I engaged with your company there has been a seamless professional delivery of your services which has certainly lived up to your promises.”

Health, Safety & Environmental Advisor,
Kingspan Access Floors Ltd

IOSH Leading Safely

Course Objectives

Regardless of the size of your organisation the IOSH Leading Safely course will show you how investing in safety and health can reap valuable business benefits, including better productivity, increased profits, an enhanced reputation and a stronger brand.

Workshop Content

Topics covered on this course include:

- Safety and health and what it means for different leadership roles
- The responsibilities and behaviours of a leader
- What effective health and safety leadership looks like
- What happens when things go wrong
- How leaders can make improvements
- The benefits of effective safety leadership

Learners will use a diagnostic tool, accessed via a mobile app, to identify their current safety and health position against a set of critical questions. The tool recommends the actions you should take.

At the end of the course delegates will make a commitment to a personal action plan to improve their own and their organisations' safety and health management.

Delegates who attend and successfully complete both the practical and written assessments will be awarded an IOSH Leading Safely Certificate, issued by the Institute of Occupational Safety and Health (IOSH) in the UK.

Duration: One day

Who Should Attend?

Designed for anyone with leadership responsibilities – CEO's, MDs, Directors, Senior Managers and Executives in a wide range of companies and sectors.
